Experiences

Edorbit-Nbytech immersive pvt ltd (Frontend Developer intern)

July 2023 - present

- I have been working as a frontend developer and making 3D websites using threejs.

IEI STUDENTS' CHAPTER CSE (Tech Team Member)

Dec 2023 - present

- As a dedicated tech team member of SCCSE, I served as the project admin for the previous community website and am currently leading the development of the new site. My role includes maintaining website functionality, ensuring user-friendly design, and incorporating community feedback. Additionally, I have actively volunteered in various SCCSE-organized events, contributing to their success and enhancing community engagement.
